## *The Garden That is Different*

AGAIN we invite you to visit our Gardens and to take home with you the plants of your choice. Freshly dug, carefully wrapped with abundant soil, these are far superior to plants received bare-rooted via Railroad. When desired we deliver within reasonable distance. We look forward to greeting again each season our friends of many years and extend with this catalog a cordial invitation to all receiving it. In the midst of world-wide fear and unrest, the courage, the faith, the inspiration learned of our flowers becomes a precious boon.

VISITORS WELCOME EVERY DAY EXCEPT SUNDAY

*"To create a little flower is the labour of ages." But to us who "Garden," the labour of ages is worth while if it brings to blossoming that little flower.*

WILLIAM BLAKE.
